

LIMITED WARRANTY

Cipriani Remodeling Solutions will repair any defect directly attributed to workmanship for a period of three (3) years from the date the project is paid in full.

Materials provided by Cipriani Remodeling Solutions are covered under their own manufacturer's warranties which are in your packet. Please become familiar with your product warranties. While most manufacturers' warranties cover the replacement of the product for a given period, they often do not cover the labor costs of removing the defective product and installing its replacement. Reinstallation costs will be borne by the owner. Cipriani Remodeling Solutions will assist our clients in the pursuit of any valid warranty claim against a manufacturer of any product purchased and installed by our company on this project for as long as you own the house.

Product Warranties can be also be found at:

<http://www.ciprianiremodelingsolutions.com/manufacturers-warranties/>

Damage resulting from abuse, neglect of manufacturer-recommended maintenance, as well as damage caused by severe weather, war, vandalism, crime, fire, flood or accident is likewise excluded from the provisions of this warranty. The warranty is also void if items otherwise covered by the warranty are repaired, modified or adjusted by any persons or entities other than those employed by, or are agents of Cipriani Remodeling Solutions.

Materials that are salvaged from the worksite that are intended to be reused, or for any reason set aside for the owners or others are not warranted against damage, breakage or theft during their removal, storage or reinstallation.

Both parties have agreed to use the quality standards booklet set up for the remodeling industry published by the National Association of Home Builders as a guideline for quality.

LIFETIME SERVICE GUARANTEE

For as long as you own your home, Cipriani Remodeling Solutions will provide a free service call inspection of any issue with the original scope of work. The inspection includes a site visit by an appropriate specialist and recommendations for a possible resolution.
